Amedee Gordini Roy Smith 2013-04-05 This is a story of excitement, laughs, astonishment and anger - a story of the determination of a man with a dream and a passion for motor racing in the big leagues. It is the first time that the history of the always under-financed Gordini racing team has been documented in English, and the first complete story of Gordini himself in any language. This volume will appeal to new enthusiasts and old hands of Formula 1 and sports prototype racing, especially those who have owned a Gordini-badged high-performance Renault road car. It charts Gordini's early life and beginnings in motorsport, up to 1969 when Renault took over the Gordini company, keeping his name on all the racing engines until 1986, before finally resurrecting it for a performance version of the Renault Twingo and Clio in 2009. The book is packed with evocative period images from important collections, supplementary transcripts in English from many contemporary interviews, plus recollections from former employees remembering their time working with Gordini, and an exhaustive set of statistics. All the way it's a roller coaster of joy, despair, humour, and stunning images. The racing legend of 'Le Sorcier' lives on.

Zen und die Kunst, ein Motorrad zu warten Robert M. Pirsig 2013-04-11 "Dieses Buch bietet eine andere, ernsthaftere Alternative zum materiellen Erfolg an. Das heißt, es ist eigentlich weniger eine Alternative als viel-mehr eine Ausweitung der Bedeutung von 'Erfolg' auf etwas Größeres als das bloße Bemühen, eine gute Stellung zu finden und sich nichts zuschulden kommen zu lassen. Und auch etwas Größeres als bloße Freiheit. Es setzt ein positives Ziel, auf das man hinarbeiten kann, das einen aber nicht einengt. Das, so scheint mir, ist der Hauptgrund für den Erfolg des Buches. Es traf sich, daß die ganze Kultur genau nach dem auf der Suche war, was dieses Buch anzubieten hat." Robert M. Pirsig

Mercedes-Benz Brian Long 2013-03-18 It's hard to believe, but the W129-series Mercedes-Benz SL was launched over 20 years ago. However, its timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts, as well as those returning to the car having owned one when they were still in the dealerships. A combination of superb original design and peerless engineering and build quality adds to the desirability of this series of classic German machines, and has ensured that many of these cars can still be seen in regular use today. Covering the SL's ever-changing specification, and its presence in many of the world's major markets is a huge task, but it's all presented here in definitive detail, along with stunning contemporary photography, in a volume that will readily grace any reference library shelf or connoisseur's coffee table. Two earlier books, also published by Veloce, and covering the W113 cars and the 107-series SL and SLC, act as perfect companions to this title, which takes the SL story up to 1989.
