Foundations of Mental Health Care - E-Book Michelle Morrison-Valfre 2013-11-14 Increase your awareness and understanding of a holistic view of mental health care with this book for nurses and other health care professionals. Each chapter covers a specific psychological or psychosocial problem as well as the most current interventions and treatments. This edition features full-color illustrations, updated drug information, and a chapter on complementary and alternative therapies, in addition to more case studies to help you apply the content to real life. This solid background in mental health is just what you need to work comfortably with clients who exhibit both effective and maladaptive behaviors. Multidisciplinary care plans for sample clients show how members of the health care team work together. Client-specific case studies highlight particular mental disorders and help you apply chapter content to real-life situations. "Think About boxes throughout the text strengthen your critical-thinking skills. UNIQUE "Drug Alert boxes highlight what you need to know about a wide range of specific psychotherapeutic medications. UNIQUE Standard LPN full-color design and "Content Threads point out key information and special features in each chapter, consistent with the format of other books in the LPN Threads series. Appendixes give you easy access to mental health care standards, DSM-IV TR diagnoses, and assessment tools that are essential for providing quality care. FREE workbook at the end of the book includes crossword puzzles, multiple-choice questions, and other exercises to boost your comprehension of the material. FULL-COLOR illustrations make the text even more visually appealing and user-friendly. Additional case studies help you apply chapter content to more real-life scenarios such as chronic illness and substance abuse with accompanying questions to test your critical-thinking skills. Chapter on complementary and alternative therapies increases your awareness of the benefits and risks of alternative therapies such as ayurveda, herbal supplements, massage, meditation, acupuncture, and telemedicine. Forensic nursing content familiarizes you with the prevention and treatment of violence-based disorders and shows you how to obtain and document evidence for legal purposes. NEW antianxiety and antimanic drug information keeps you up-to-date on the latest psychotropic medications.

Taking Measure Bernard E. Morris 2003 Taking Measure surveys the entire writing career of X. J. Kennedy from his first collection of poetry, *Nude Descending a Staircase*, to his latest collection, *The Minimus Poems*. Beginning with a study of the way Kennedy designs his poetry to reflect the poem's subject and tone, the book then traces Kennedy's poetic development through each of his poetry publications. Concluding the book is a chronology of Kennedy's life and writing history, a discussion of the influences on Kennedy's work, a list of his publications and of the titles of his poetry, and a selected bibliography.

No B.S. Marketing to the Affluent Dan S. Kennedy 2019-06-18 **THE SCARY TRUTH: The middle-class consumer population—and their buying power—is massively shrinking. Customers are buying less and in fewer categories. THE SILVER LINING: It takes no more work to attract customers from the explosively growing Mass-Affluent, Affluent, and Ultra-Affluent populations eager to pay premium prices in return for exceptional expertise, service, and experiences. In this new edition of No B.S. Marketing to the Affluent, millionaire maker Dan S. Kennedy shows you how to re-position your business, practice, or sales career to attract customers or clients for whom price is NOT a determining factor. Learn how to sell to those who will always be spending as Kennedy shines the spotlight on the practical strategies used by The Ritz-Carlton, Disney, Harrah's Entertainment, Dove, AARP, Dr. Oz, Starbucks, Williams-Sonoma, DeBeers, the health and wellness industry and many other fascinating and diverse true-life examples. You'll also discover how to: Use 10 surprising emotional buy triggers the affluent find irresistible Stop selling products and services and learn how selling aspirations and emotional fulfillment is more profitable Use Kennedy's Million-Dollar Marketing System. A step-by-step blueprint comparable to those developed for six-figure clients, ready for do-it-yourself use Apply the magic language of "membership" to any business for the affluent... from pizza shops and medical practices to retail stores and pet hotels**

Guide to U.S. Foreign Policy Robert J. McMahon 2012-08-02 At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today. Both the history of U.S. diplomatic relations and the current U.S. foreign policy in the twenty-first century are major topics of study and interest across the nation and around the world. Spanning the entire history of American diplomacy—from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty-first century—*Guide to U.S. Foreign Policy* traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends. This comprehensive, two-volume reference shows how the United States gained “the strength of a giant” and also analyzes key world events that have determined the United States’ changing relations with other nations. The two volumes’ structure makes the key concepts and issues accessible to researchers: The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day. Volume II’s appendix showcases an A-to-Z handbook of diplomatic terms and concepts, organizations, events, and issues in American foreign policy. The appendix also includes a master bibliography and a list of presidents; secretaries of state, war, and defense; and national security advisers and their terms of service. This unique reference highlights the changes in U.S. diplomatic policy as government administrations and world events influenced national decisions. Topics include imperialism, economic diplomacy, environmental diplomacy, foreign aid, wartime negotiations, presidential influence, NATO and its role in the twenty-first century, and the response to terrorism. Additional featured topics include the influence of the American two-party system, the impact of U.S. elections, and the role of the United States in international organizations. *Guide to U.S. Foreign Policy* is the first comprehensive reference work in this field that is both historical and thematic. This work is of immense value for researchers, students, and others studying foreign policy, international relations, and U.S. history. ABOUT THE EDITORS Robert J. McMahon is the Ralph D. Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University. He is a leading historian of American diplomatic history and is author of several books on U.S. foreign relations. Thomas W. Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal *Diplomatic History*.
