Teaching Literature and Language Through Multimodal Texts Domínguez Romero, Elena 2018-08-17 In the past few decades, there has been a growing interest in the benefits of linking the learning of a foreign language to the study of its literature. However, the incorporation of literary texts into language curriculum is not easy to tackle. As a result, it is vital to explore the latest developments in text-based teaching in which language, culture, and literature are taught as a continuum. Teaching Literature and Language Through Multimodal Texts provides innovative insights into multiple language teaching modalities for the teaching of language through literature in the context of primary, secondary, and higher education. It covers a wide range of good practice and innovative ideas and offers insights on the impact of such practice on learners, with the intention to inspire other teachers to reconsider their own teaching practices. It is a vital reference source for educators, professionals, school administrators, researchers, and practitioners interested in teaching literature and language through multimodal texts.

Contenidos docentes de vanguardia Rocío Chao Fernández 2018-01-11 La Universidad se encuentra en pleno progreso desde su tiempo cero; de hecho, halla su carta de naturaleza en la necesidad de mejorar el medio que la nutre y por y para el que existe: la sociedad. Rompiendo las viejas membranas de la enseñanza imperante hasta el siglo XX, las nuevas (r)evoluciones de contenidos y fórmulas, como lo fuera el EEES (o Plan Bolonia) o las TIC, suponen la respuesta a esas actualizadas necesidades docentes y curriculares. Las Humanidades, las Artes, las Ciencias sociales y la Docencia se reescriben, hibridando, gracias a los nuevos lenguajes y herramientas, contenidos otrora lejanos. La nueva Academia es poliédrica, ínter y multi disciplinar, dialógica y colaborativa. En este estado de cosas la colección Herramientas universitarias se erige como atalaya para agrupar bajo su égida al más amplio conjunto de autores internacionales que iluminen, con sus investigaciones, la panoplia de contenidos que conforman el mundo científico donde nace el futuro. La calidad intelectual queda refrendada mediante la rigurosa implantación del habitual proceso garante, basado en la revisión o arbitraje por pares ciegos (peer review) de estos capítulos, sin renunciar a la más antigua tradición universitaria que obliga al opositor de lo publicado, a soportar el peso de la prueba. Este doble modelo de evaluación, a priori y a posteriori, garantiza la calidad del contenido de los textos de esta colección. Pertenecer a la Academia, y en ello radica orgullosamente su valía, supone que todos sus miembros responden a una ambición irrenunciable: mostrar que el conjunto de sus trabajos conforma la vanguardia científica internacional. El texto que aquí se presenta está auspiciado por el Fórum Internacional de Comunicación y Relaciones Públicas (Fórum XXI), la Sociedad Española de Estudios de la Comunicación Iberoamericana (SEECI), la Asociación cultural Historia de los Sistemas Informativos y el Grupo Complutense (nº 931.791) de Investigación en Comunicación Concilium.

Gullivers Reisen Jonathan Swift 2022-01-29 Gullivers Reisen Jonathan Swift - Gullivers Reisen nach Lilliput und zu den Riesen kennt jedes Kind. Und doch ist Swifts Fantasy-Saga vor allem ein eindrucksvolles Leseabenteuer für Erwachsene tiefinnig, amüsant, subversiv und desillusionierend, eine zeitlos gültige Generalabrechnung mit menschlicher Dummheit und Selbstüberschätzung, ja eine besonders frühe Form der Polit-Satire: Die mit unerschöpflicher Fabulierlust bis ins Detail realistisch gestalteten Erlebnisse Gullivers in fremden Reichen sind gespickt mit polemischen Seitenhieben auf Staat, Kirche oder Rechtswesen. Ein Klassiker, wie er gegenwärtiger gar nicht sein könnte!

Integrated Watershed Management Isobel W. Heathcote 2009-02-17 An integrated framework for water resources management It has been said that "water is the next oil." A strong global consensus has begun to develop that effective water management must start at the watershed level, and that water management actions must be taken in the context of watersheds, and the human communities in them. Integrated Watershed Management: Principles and Practice, Second Edition presents a flexible, integrated framework for watershed management that addresses the biophysical, social, and economic issues affecting water resources and their use. Comprehensive in scope and multidisciplinary in approach, it equips readers with the necessary tools and techniques to develop sound watershed management policy and practice?from problem definition and goal setting to selecting management strategies and procedures for monitoring implementation. Ten years of practice have demonstrated that the core concepts presented in the first edition of this book remain true and important. This Second Edition is fully updated to reflect current practice and recent experience in watershed management, including: New coverage of strategies for the selection and evaluation of public engagement processes Sampling, data management, and computer simulation technologies Recent legislative changes International watershed issues Many new case studies Water resources planning and management is not just a technical challenge; it is also a social challenge, and an opportunity. It is, ultimately, a framework for human societies to shape, protect, and improve the environment in which they live. Providing a rational framework for the development of water resources management strategies, Integrated Watershed Management, Second Edition is a one-stop resource for upper-level students and professionals in environmental science, natural resource management, and environmental engineering.

Blest Gana via Machiavelli and Cervantes Patricia Vilches 2017-01-06 This book analyzes the work of iconic Chilean author Alberto Blest Gana (1830–1920) through the lens of Machiavelli and Cervantes. Transatlantic in scope, it uses literary studies and cultural history to delve into Chile's emergence as a nation and to illustrate a set of conflicts among the political parties and social classes in the early days of independence, the 1830s and 1850s. With a focus on Martín Rivas: Novela de costumbres politico-sociales [Martin Rivas: A Novel of Socio-Political Manners] (1862), El ideal de un calavera [The Ideal of a Rogue/Libertine] (1863), and Durante la Reconquista [During the Re-Conquest] (1897), this study examines the political and social exchanges and the place of social order in a critical period in Chile's national development. Blest Gana's three novels vividly depict the whys and hows of Chile's early political struggles, dramatically underscoring the painfully real and very deep disagreements about the nation's early direction and sense of identity, and showing how political and cultural antagonisms resulted from social hierarchies. For some, patria was synonymous with order itself; order needed to be established and maintained no matter how severe the measures. The book is informed by a desire to use early narrative expressions of Chile's national identity to illuminate the political and cultural heritage of the twentieth century, especially the disruptions that occurred during the government and ultimate ousting of Salvador Allende Gossens (1908–1973), president of Chile from 1970 to 1973. In Blest Gana's three texts, the enmities among Chileans reveal a fundamental and ongoing social, political and cultural disunity. This crack in the national foundation accounts in part for what erupted during the government of Allende, an idealist and a quixotic individual who believed in socialism via democracy and fought for equality in society. Betrayed from all sides, Allende was violently removed from power by a military junta led by Augusto Pinochet Ugarte

(1915–2006), who ruled from 1973 to 1990. Under Pinochet's dictatorship, books and print materials were scrutinized and censored in a way that was not unlike the period when Cervantes published the first and second parts of Don Quijote. Martín Rivas, however, continued to be read in schools, but mostly as a love story, with its political commentary effectively concealed.
