Fundamental Accounting Principles Kermit D. Larson 2002 Fundamental Accounting Principles remains the most successful introductory accounting text in Canada. The 10th Canadian Edition benefits from a winning new author team, and a research and development process that is unprecedented in Canadian College Publishing. The result is a highly market driven text that responds to the evolving needs of today's classroom. The text's hallmarks; readability, superior problem material and high production value; have been expanded and improved, reflecting extensive user and reviewer feedback. With a sole proprietor focus, the text patiently brings the student into the accounting cycle and the key financial statements, with an appreciation for the role and importance of the accounting function stressed throughout. The 10 c/e is available in 3 volumes, or in a hardbound financial accounting version.
