**The Wanton Sublime** Anna Rabinowitz 2006 "Anna Rabinowitz gives us language at a height and experience at a depth that the whole art suddenly appears as a plinth on the plain of American letters."—Molly Peacock In this probing exploration of motherhood, one of our most imaginative contemporary poets cuts through the pieties to the human issues spiraling around the Annunciation and the Virgin Mary. This is not a "religious" book by any means. Instead, we see a new slant on freedom, subjugation, and the mother-child relationship illuminated by interconnected fragments, lyrics, multiple choice questions, argument, and ancient texts. The Wanton Sublime rewards with formal invention and linguistic brilliance—blissful marriages of form and content. WHO/WHAT IS IT COMES? Out of a vast silence, a spring spray, a drench of dew, all so still into the cave of her body? For mother read lover For "like dew in April/That falleth on the flower" read "like dew in April/That falleth on de-flowers" String theorists concede that their equations are approximations to an unknown theory they call M-theory standing for matrix, magic, mystery of mother as in mother of all theories as in mother of us all Anna Rabinowitz's volumes of poetry include Darkling, finalist for ForeWord Magazine's Best Poetry Book of 2001 Award, and At the Site of Inside Out, winner of the Juniper Prize. A former NEA Arts Fellow, she has published widely in such journals as Atlantic Monthly, Boston Review, The Paris Review, and Best American Poetry 1989.

But he was determined—he listened to the white children's lessons and learned the alphabet. Then he taught himself to read. Soon, he began composing poetry in his head and reciting it as he sold fruits and vegetables on a nearby college campus. News of the slave poet traveled quickly among the students, and before long, George had customers for his poems. But George was still enslaved. Would he ever be free? In this powerful biography of George Moses Horton, the first southern African-American man to be published, Don Tate tells an inspiring and moving story of talent and determination.

**Flying Leaves and One-sheets** Russell D. Earnest 2005 Early American printers amplified messages by setting them in type, adding decorative borders and other ornamental devices, and printing them as single sheets called broadsides. Flying Leaves and One-Sheets explores eighteenth- and nineteenth-century Pennsylvania German broadsides, including examples of fraktur (illuminated sheets). For almost two centuries, German- and English-language broadsides circulated among Pennsylvania Germans and their descendants throughout Pennsylvania, western Maryland, the Shenandoah Valley, Ohio, and beyond. This book provides a sampling of broadsides made for the Pennsylvania German subculture, often referred to as "Pennsylvania Dutch." The 134 illustrations in Flying Leaves and One-Sheets demonstrate the typographical skills of German-language printers in North America from the mid 1750s to 1876. Selected for graphic appeal, range of subject matter, and historic interest, these broadsides show the attitudes and literary appetites of Pennsylvania Germans as expressed in printed matter. Known for their love of color and decoration, Pennsylvania Germans often hand-illuminated broadsides so that many are classified as fraktur. Flying Leaves and One-Sheets will appeal to readers in Pennsylvania German visual arts, culture, and history.

**Amazing Grace** James G. Basker 2002-01-01 "This volume is the first anthology of poetic writings on slavery from America, Britain, and around the Atlantic during the Enlightenment - the crucial period that saw the height of the slave trade but also the origins of the anti-slavery movement. Bringing together more than four hundred poems and excerpts from longer works that were written by more than two hundred and fifty poets, both famous and unknown, the book charts the emergence of slavery as part of the collective consciousness of the English-speaking world. The book includes: poems by forty women, ranging from abolitionists Hannah More and Mary Robinson to Frances Seymour, the Countess of Herford; works by more than twenty African or African American poets, including familiar names (Phillis Wheatley), intriguing figures (Afro-Dutch Latin scholar Johannes Capitein), and newly rediscovered black poets (an anonymous veteran of the Revolutionary War); and poetry by such canonical writers as Dryden, Defoe, Pope, Johnson, Blake, Boswell, Burns, Wordsworth, and Coleridge." "The poems speak of the themes of slavery: capture, torture, endurance, rebellion, thwarted romances, and spiritual longing. They also raise intriguing questions about the contradictions between cultural attitudes and public policy of the time. Writers such as these, suggests editor James Basker, were not complicit in the imperial project or indifferent about slavery but actually laid the groundwork for the political changes that would follow."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **The Black Bard of North Carolina** Joan R. Sherman 2000-11-09 For his humanistic religious verse, his poignant and deeply personal antislavery poems, and, above all, his lifelong enthusiasm for liberty, nature, and the art of poetry, George Moses Horton merits a place of distinction among nineteenth-century African American poets. Enslaved from birth until the close of the Civil War, the self-taught Horton was the first American slave to protest his bondage in published verse and the first black man to publish a book in the South. As a man and as a poet, his achievements were extraordinary. In this volume, Joan Sherman collects sixty-two of Horton's poems. Her comprehensive introduction—combining biography, history, cultural commentary, and critical insight—presents a compelling and detailed picture of this remarkable man's life and art. George Moses Horton (ca. 1797-1883) was born in Northampton County, North Carolina. A slave for sixty-eight years, Horton spent much of his life on a farm near Chapel Hill, and in time he fostered a deep connection with the University of North Carolina at Chapel Hill. The author of three books of poetry, Horton was inducted into the North Carolina Literary Hall of Fame in May of 1996.

**The Tree of Life** Roland Edmund Murphy 2002-01-28 Since 1990 Roland Murphy's Tree of Life has been a standard introduction to the wisdom literature of the Bible. Now The Tree of Life is available in a third edition, complete with a new preface by the author and a special supplement that surveys the latest developments in wisdom research. This superb study thoroughly explores the wisdom writings of the Bible, interpreting this literature in a way that illumines the development of Israel's search for wisdom throughout its tumultuous history. Murphy looks at each wisdom book individually -- Proverbs, Job, Ecclesiastes, Ecclesiasticus, and Wisdom of Solomon -- and adds to them a discussion of wisdom from other parts of the Old Testament. His careful investigations expose the various guises that wisdom adopts -- the "fear of the Lord," moral formation, the universality of human experience, the mysteries of creation, and others.

**Wisdom Literature** Leo G. Perdue 2007 The Old Testament's wisdom literature offers one of the most intriguing collections of biblical books (Proverbs, Job, the Psalms about Torah and wisdom, Ecclesiastes, Qoheleth, Ben Sira, and the Wisdom of Solomon). In this magisterial textbook, preeminent wisdom scholar Leo G. Perdue sees each book of wisdom in its historical context, examining the conditions that produced the book and shaped its thinking. This allows him to show how wisdom thought changed over time in response to shifting historical and social conditions. In addition to analyzing the historical setting of wisdom, Perdue discerns the theological themes and theological developments within this rich literature.

**Big Book of African American Activities** Carole Marsh 2002-12 Uses puzzles, games, and activities to explore African American history, geography, heritage, and culture.

**Unsung** Schomburg Center 2021-02-16 A new historical anthology from transatlantic slavery to the Reconstruction curated by the Schomburg Center, that makes the case for focusing on the histories of Black people as agents and architects of their own lives and ultimate liberation, with a foreword by Kevin Young This is the first Penguin Classics anthology published in partnership with the Schomburg Center, a world-renowned cultural institution documenting black life in America and worldwide. A historic branch of NYPL located in Harlem, the Schomburg holds one of the world's premiere collections of slavery material within the Lapidus Center for Historical Analysis of Transatlantic Slavery. *Unsung* will place well-known documents by abolitionists alongside lesser-known life stories and overlooked or previously uncelebrated accounts of the everyday lives and activism that were central in the slavery era, but that are mostly excised from today's master accounts. *Unsung* will also highlight related titles from founder Arturo Schomburg's initial collection: rare histories and first-person narratives about slavery that assisted his generation in understanding the roots of their contemporary social struggles. *Unsung* will draw from the Schomburg's rich holdings in order to lead a dynamic discussion of slavery, rebellion, resistance, and anti-slavery protest in the United States.

**Encyclopedia of African American History, 1619-1895** Graham Russell Hodges 2006-04-06 Explores how all aspects of American culture, history, and national identity have been profoundly influenced by the experience of African Americans and documents African American history from the arrival of the first slave ship to the death of Frederick Douglass.

**Wisdom & Creation** Leo G. Perdue 2009-04-01 Wisdom literature, asserts the author, is grounded in the theological tradition of creation. For the Wisdom writers of Israel and early Judaism, God is the maker of heaven and earth, whose creativity both forms and sustains the world. The very nature of God is to create life, to sustain it, and to ensure that it flourishes. God's originating acts of creation and sustaining providence provide the basis for faith, worship, and ethics. Leo G. Perdue grounds his reconstruction of the theology of Wisdom in the creation metaphors residing within the language of the sages--metaphors that derive from Israelite creation traditions and the mythologies of the ancient Near East. He focuses on the differences and interactions between two sets of creation metaphors: those dealing with the creation of the world (cosmology), and those centering on the creation of humankind (anthropology). The contemporary importance of the creation theology of Wisdom literature, says the author, is that it can move the church away from one-sided emphasis on salvation history and eschatology to a serious participation in environmental concerns and social justice. Wisdom and Creation provides a thorough yet accessible discussion of the theological message of this important part of the Bible.

**The Black Poet** Richard Walser 1966

**The Family friend [ed. by R.K. Philp]**, Robert Kemp Philp 1859

**Oracles of Empire** David S. Shields 2010-06-15 This innovative look at previously neglected poetry in British America represents a major contribution to our understanding of early American culture. Spanning the period from the Glorious Revolution (1690) to the end of King George's War (1750), this study critically reconstitutes the literature of empire in the thirteen colonies, Canada, and the West Indies by investigating over 300 texts in mixed print and manuscript sources, including poems in pamphlets and newspapers. British America's poetry of empire was dominated by three issues: mercantilism's promise that civilization and wealth would be transmitted from London to the provinces; the debate over the extent of metropolitan prerogatives in law and commerce when they obtruded upon provincial rights and interests; and the argument that Britain's imperium pelagi was an ethical empire, because it depended upon the morality of trade, while the empires of Spain and France were immoral empires because they were grounded upon conquest. In discussing these issues, Shields provides a virtual anthology of poems long lost to students of American literature.

**Making Slavery History** Margot Minardi 2012-08-01 Making Slavery History focuses on how commemorative practices and historical arguments about the American Revolution set the course for antislavery politics in the nineteenth century. The particular setting is a time and place in which people were hyperconscious of their roles as historical actors and narrators: Massachusetts in the period between the Revolution and the Civil War. This book shows how local abolitionists, both black and white, drew on their state's Revolutionary heritage to mobilize public opposition to Southern slavery. When it came to securing the citizenship of free people of color within the Commonwealth, though, black and white abolitionists diverged in terms of how they idealized black historical agency. Although it is often claimed that slavery in New England is a history long concealed, Making Slavery History finds it hidden in plain sight. From memories of Phillis Wheatley and Crispus Attucks to representations of black men at the Battle of Bunker Hill, evidence of the local history of slavery cropped up repeatedly in early national Massachusetts. In fixing attention on these seemingly marginal presences, this book demonstrates that slavery was unavoidably entangled in the commemorative culture of the early republic—even in a place that touted itself as the "cradle of liberty." Transcending the particular contexts of Massachusetts and the early American republic, this book is centrally concerned with the relationship between two ways of making history, through social and political transformation on the one hand and through commemoration, narration, and representation on the other. Making Slavery History examines the relationships between memory and social change, between histories of slavery and dreams of freedom, and between the stories we tell ourselves about who we have been and the possibilities we perceive for who we might become.

**Collaborative Spirit-Writing and Performance in Everyday Black Lives** Bryant Keith Alexander 2021-11-12 Collaborative Spirit-Writing and Performance in Everyday Black Lives is about the interconnectedness between collaboration, spirit, and writing. It is also about a dialogic engagement that draws upon shared lived experiences, hopes, and fears of two Black persons: male/female, straight/gay. This book is structured around a series of textual performances, poems, plays, dialogues, calls and responses, and meditations that serve as claim, ground, warrant, qualifier, rebuttal, and backing in an argument about collaborative spirit-writing for social justice. Each entry provides evidence of encounters of possibility, collated between the authors, for ourselves, for readers, and society from a standpoint of individual and collective struggle. The entries in this Black performance diary are at times independent and interdependent, interspersed and interrogative, interanimating and interstitial. They build arguments about collaboration but always emanate from a place of discontent in a caste system, designed through slavery and maintained until today, that positions Black people in relation to white superiority, terror, and perpetual struggle. With particular emphasis on the confluence of Race, Racism, Antiracism, Black Lives Matter, the Trump administration, and the Coronavirus pandemic, this book will appeal to students and scholars in Race studies, performance studies, and those who practice qualitative methods as a new way of seeking Black social justice.

**Poetic Inquiry as Social Justice and Political Response** Abigail Cloud 2019-12-02 This volume speaks to the use of poetry in critical qualitative research and practice focused on social justice. In this collection, poetry is a response, a call to action, agitation, and a frame for future social justice work. The authors engage with poetry's potential for connectivity, political power, and evocation through methodological, theoretical, performative, and empirical work. The poet-researchers consider questions of how poetry and Poetic Inquiry can be a response to political and social events, be used as a pedagogical tool to critique inequitable social structures, and how Poetic Inquiry speaks to our local identities and politics. The authors answer the question: "What spaces can poetry create for dialogue about critical awareness, social justice, and re-visioning of social, cultural, and political worlds?" This volume adds to the growing body of Poetic Inquiry through the demonstration of poetry as political action, response, and reflective practice. We hope this collection inspires you to write and engage with political poetry to realize the power of poetry as political action, response, and reflective practice.
