The Christian's Only Comfort in Life and Death Theodorus VanderGroe 2016-12-15 *The Christian's Only Comfort* is the sermonic exposition of the Heidelberg Catechism by Theodore VanderGroe (1705-1784), a prominent divine of the Dutch Further Reformation. VanderGroe's exposition of the Heidelberg Catechism could be considered his magnum opus, and in some ways, it was esteemed as highly by the godly in the Netherlands as *The Christian's Reasonable Service of Wilhelmus à Brakel*. In this able exposition of the Heidelberg Catechism, we find the unmistakable characteristics of the Dutch Further Reformation: it is steeped in Scripture; it is very pastoral; and it promotes a robust, comprehensive form of Reformed piety.

Transnational Gothic Monika Elbert 2016-02-17 Offering a variety of critical approaches to late eighteenth- and nineteenth-century Gothic literature, this collection provides a transnational view of the emergence and flowering of the Gothic. The essays expand on now well-known approaches to the Gothic (such as those that concentrate exclusively on race, gender, or nation) by focusing on international issues: religious traditions, social reform, economic and financial pitfalls, manifest destiny and expansion, changing concepts of nationhood, and destabilizing moments of empire-building. By examining a wide array of Gothic texts, including novels, drama, and poetry, the contributors present the Gothic not as a peripheral, marginal genre, but as a central mode of literary exchange in an ever-expanding global context. Thus the traditional conventions of the Gothic, such as those associated with Ann Radcliffe and Monk Lewis, are read alongside unexpected Gothic formulations and lesser-known Gothic authors and texts. These include Mary Rowlandson and Bram Stoker, Frances and Anthony Trollope, Louisa May Alcott, Elizabeth Gaskell, Theodore Dreiser, Rudyard Kipling, and Lafcadio Hearn, as well as the actors Edmund Kean and George Frederick Cooke. Individually and collectively, the essays provide a much-needed perspective that eschews national borders in order to explore the central role that global (and particularly transatlantic) exchange played in the development of the Gothic. British, American, Continental, Caribbean, and Asian Gothic are represented in this collection, which seeks to deepen our understanding of the Gothic as not merely a national but a global aesthetic.

Beyond Death in the Oresteia Amit Shilo 2022-09-08 The *Oresteia* is permeated with depictions of the afterlife, which have never been examined together. In this book, Amit Shilo analyzes their intertwined and conflicting implications. He argues for a 'poetics of multiplicity' and a 'poetics of the beyond' that inform the ongoing debates over justice, fate, ethics, and politics in the trilogy. The book presents novel, textually grounded readings of Cassandra's fate, Clytemnestra's ghost scene, mourning ritual, hero cult, and punishment by Hades. It offers a fresh perspective on the political thought of the trilogy by contrasting the ethical focus of the Erinyes and Hades with Athena's insistence on divine unity and warfare. Shedding new light on the trilogy as a whole, this book is crucial reading for students and scholars of classical literature and religion.

Resurrecting Justice Douglas Harink 2020-09-29 Theologian Douglas Harink invites readers to rediscover Romans as a treatise on justice, tracing Paul's thinking on this theme through a sequential reading of the book and finding in each passage facets of the gospel's primary claim—that God accomplishes justice in the death and resurrection of Jesus Messiah.

Who God Says You Are Klyne R. Snodgrass 2018-01-08 WHO ARE YOU? For respected New Testament scholar Klyne Snodgrass, this is the most important question a person can ask—the question from which everything else in life flows. Other questions follow: What made you who you are? Who gets to say who you are? And—perhaps most vital—Who does God say you are? In this book Snodgrass offers wise guidance to all who are wrestling with such universal human questions. He examines nine factors—including one's body, personal history, commitments, and boundaries—that shape human identity, and he expertly draws out what the Bible tells us about who God says we are, how we fit within God's purposes, and how our God-given identity can and must impact the way we live our lives.

Living Beauty Alejandro García-Rivera 2008 *The Christian mystery, celebrated in the Roman Catholic liturgy, is a sensible mystery, and calls out for artistic expression. Living Beauty explores the Christian mystery and points to the need for a liturgical aesthetic as a means to encounter the divine mystery. A liturgical aesthetic gives an account of Christian worship in terms of a new set of categories that includes divine beauty, a theology of sensibility, and the new notion of a unitive revelatory experience. These categories help to reveal the aesthetic dimensions of the Church's watershed document on the liturgy, Sacrosanctum Concilium. The Church today stands in need of a new conversation on the aesthetic dimension of the liturgy and the role of the arts. Contrary to common opinion, the arts provide more than an environment or mere extrinsic ornamentation for the liturgy; they are intrinsic to the very nature of liturgy. They provide the means of being sanctified in the encounter with divine beauty that is the mystery of Christian worship. Artistic expression enables the worshipping community to receive the divine mystery in beauty.*

Millennials and the Mission of God Andrew F. Bush 2017-10-12 *As mainstream media cries out that the millennial generation has killed everything from cereal to office jobs, it must also be asked: have millennials killed Christian missions? With the rise of new technologies, social and political movements, and increasing numbers of religious nones, the church as we know it is facing serious turmoil at the hands of this new generation of adults. Here, a millennial and a baby boomer invite the reader into a dialogue about the future of missions and the future of the Western church. From a missiological reading of the Bible to the contemporary debate over Christian social justice and the ethical dilemmas of evangelism, this book plays out the intergenerational tensions within the church, and provides a platform from which to view the present and future of an institution that is so rapidly changing.*

Gender and Climate Change Joane Nagel 2015-09-25 *Does gender matter in global climate change? This timely and provocative book takes readers on a guided tour of basic climate science, then holds up a gender lens to find out what has been overlooked in popular discussion, research, and policy debates. We see that, around the world, more women than men die in climate-related natural disasters; the history of science and war are intimately interwoven masculine occupations and preoccupations; and conservative men and their interests drive the climate change denial machine. We also see that climate policymakers who embrace big science approaches and solutions to climate change are predominantly male with an ideology of perpetual economic growth, and an agenda that marginalizes the interests of women and developing economies. The book uses vivid case studies to highlight the sometimes surprising differential, gendered impacts of climate changes.*
