Volvo Amazon Richard Dredge 2016-03-31 In 1956, a prototype of a new passenger car from Volvo was presented. It became known as the Amazon in Sweden and the 121 and 122S in export markets, the latter denoting a more sporty derivative. However, despite its substantial appearance, all Amazons were surprisingly fleet of foot - this was one of the most sporty European saloons of the 1960s. With its elegant, timeless styling the Amazon broke new ground for Volvo - and for passenger cars as a whole. This new book covers the complete story of the Volvo Amazon, from 1956 onwards, including full production histories, comprehensive specification details, and over 250 photographs. The book covers the history of Volvo before and after the Amazon, and development and production of all Amazon derivatives from 1956-1970, including the 121, 122S, 123GT and all of the estate editions. There are biographies of key Volvo personnel, including the company's first designer, Jan Wilsgaard. Also included is the Amazon in motorsport, plus driver biographies: Tom Trana, Sylvia Osterberg and Carl-Magnus Skogh. There is a full buying guide along with tips on tuning and modifying, including rally preparation, and an insight into what the press thought of each Amazon derivative, with pages also devoted to how the car was marketed in period. An ideal resource for owners, or anyone with an interest in the evolution of these classic cars, which is superbly illustrated with 250 colour photographs.

Chicago Chick G A Lorén 2019-06-11 Chicago Chick is a story about a young woman who is forced to leave the big city due to bad luck with relationships. She lands in rural Illinois with her daughter. Struggling to build a new life, she bumps into two men who have strong impact on her future. One is a man you shouldn't bump into; a wanted rapist. The other one is a guy she falls desperately in love with. The story is flavored with drama, passion and humor. If the #metoo movement would feel the need of a manual for women under attack, the chapter 'when bubbles burst' might add some inspiration.

Marcos Coupes & Spydery Gold Portfolio 1960-97 R.M. Clarke 1998-03-19 The image of Marcos was shaped by Dennis Adams' styling of the cars, which started out with a Volvo-engined 1800 in the early 1960s. That shape went on to be modified into the Mantula, Spyder and Mantara. Always designed as a fast road car this depended on the engine chosen. In the GT the Volvo B18 was supplemented by Ford 1600, Volvo 3-litre and later the Rover 3.5-litre V8. In the Mini-Marcos the 850cc engine eventually grew to 1300cc giving impressive performance. This is a book of contemporary road tests, new model introductions, technical and specification data, driver's impressions, background, history. Models covered include:- GT Ford 100E, Volvo 1800, Ford 1600, Mini-Marcos GT 850, Lawrencetune, 1275 Cooper S, 3-Litre V6, Mantis, Mantula, Spyder, Mantara, GT Le Mans, Riviera, LM500.
